As an accountant and accounting teacher for more than 10 years working for International company like Saudi Binladin group and international schools. With my extensive experience in financial accounting and expertise in managing complex financial transactions and I have developed a deep understanding of financial principles and regulations. My attention to detail and analytical skills have allowed me to successfully identify and resolve discrepancies, ensuring accurate financial reporting. Moreover, my proficiency in utilizing accounting software and advanced Excel functions has enabled me to streamline processes and improve efficiency within previous organizations.
